| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | Stim                                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Primate                                                                                                                                                                                                                                                |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Monoclonal antibody specific for CD28, This antibody can be used, together with antigen, to co-stimulate specific T cells. CD28-A can also be used together with anti-CD3 mAb for polyclonal activation of T cells, The monoclonal antibody is supplied in... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [CD28-A]                                                                                                                                                                                                                                                      |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">940</a>                                                                                                                                                                                                                                           |

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Target-Kategorie       | CD28                                                                                                                      |
| Antibody Type          | Monoclonal Antibody                                                                                                       |
| Anwendungsbeschreibung | Contents: Monoclonal antibody CD28-A, unconjugated. Supplied at 100 µg/ml in sterile filtered PBS, free of preservatives. |
