Multi DNA Extraction kit - CE IVD ATB-80-01

Artikelname	Multi DNA Extraction kit - CE IVD
Artikelnummer	ATB-80-01
Hersteller Artikelnummer	80-01
Alternativnummer	ATB-80-01
Hersteller	Astra Biotech GmbH
Kategorie	Kits/Assays
Applikation	Nucleic Acid Purification
Spezies Reaktivität	Human
Produktbeschreibung	DNA extraction from blood serum/plasma, whole blood, dried blood spots (DBS), saliva, urine, urethral swabs, endocervical and vaginal smears for further nucleic acid amplification testing including Real-Time PCR....
Proben	Blood serum/plasma, whole blood, dried blood spots (DBS), saliva, urine, urethral swabs, endocervical and vaginal smears
Anwendungsbeschreibung	Method: Ethanol precipitation Wide range of sample types Suited also for extraction from dried blood spots Additional components (provided on request): Dried Blood Spots Pretreatment Buffer (Ref 80-03) and Proteinase K (Ref 80-04) for more effective cell lysis Easy in use Fast extraction: 35-45 minutes Coloured pellet for easier handling High purity of extracted DNA High reproducibility Possibility to concentrate DNA amount For quantitative analysis, analysis of a variety of pathogens, genetic analysis
