| Artikelname              | Rabbit Anti-4-Hydroxynonenal (HNE) Polyclonal Antibody                                                                                                      |
| Artikelnummer            | CBL-STA-035                                                                                                                                                 |
| Hersteller Artikelnummer | STA-035                                                                                                                                                     |
| Alternativnummer         | CBL-STA-035                                                                                                                                                 |
| Hersteller               | Cell Biolabs                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                  |
| Applikation              | EIA, IB                                                                                                                                                     |
| Spezies Reaktivität      | All                                                                                                                                                         |
| Immunogen                | HNE-KLH                                                                                                                                                     |
| Konjugation              | Unconjugated                                                                                                                                                |
| Produktbeschreibung      | Rabbit Anti-4-hydroxynonenal Polyclonal Antibody is Affinity purified and suitable for Western blot or ELISA. Suitable for use with any species. 100 µg.... |
| Klon-Bezeichnung         | N/A                                                                                                                                                         |
| Molekulargewicht         | Varies                                                                                                                                                      |
| Isotyp                   | N/A                                                                                                                                                         |
| Puffer                   | 100 µg of affinity purified antibody at 0.84 mg/mL in PBS, pH 7.2, containing 0.5 mM EDTA and 0.02% NaN3                                                    |

|          |                                                                                                          |
|----------|----------------------------------------------------------------------------------------------------------|
| Reinheit | Affinity Purified                                                                                        |
| Formel   | 100 µg of affinity purified antibody at 0.84 mg/mL in PBS, pH 7.2, containing 0.5 mM EDTA and 0.02% NaN3 |
