Product Datasheet

Anti-HSP90 | Heat shock protein 90, Rabbit, Polyclonal AGR-AS05-063

Artikelname	Anti-HSP90 Heat shock protein 90, Rabbit, Polyclonal
Artikelnummer	AGR-AS05-063
Hersteller Artikelnummer	AS05-063
Alternativnummer	AGR-AS05-063
Hersteller	Agrisera
Wirt	Rabbit
Kategorie	Antikörper
Applikation	WB
Spezies Reaktivität	Fish, Human
Immunogen	KLH-conjugated synthetic peptide chosen from a highly conserved region of hsp90 found in both the alpha P07900 and beta P08238 form of the protein. The target peptide is perfectly conserved in animals.
Produktbeschreibung	HSP90 is a ubiquitous chaperone involved in numerous cellular processes. Members of this family of proteins play important roles in allowing a selected group of intracellular signaling molecules reach and maintain functionally active conformations.Al...
Klonalität	Polyclonal
Molekulargewicht	84-86 kDa
NCBI	3320

UniProt	P07900
Reinheit	Serum
Formulierung	Lyophilized
Antibody Type	Polyclonal Antibody
Application Verdünnung	1 : 5 000 (WB)
Anwendungsbeschreibung	in salmonid fish a cross-reactive band at approximately 40 kDa is observed, antibody will also detect a human recombinant HSP90 proteinAntibody is reacting strongly with recombinant HSP90 from HELA cells.
