| Hersteller Artikelnummer | AS07-240                                                                                                                                                                                                                                                      |
| Alternativnummer         | AGR-AS07-240                                                                                                                                                                                                                                                  |
| Hersteller               | Agrisera                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IP, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | A. thaliana, Plant                                                                                                                                                                                                                                            |
| Immunogen                | KLH-conjugated peptide derived from known sequences of Psb29 including Arabidopsis thaliana Q9SKT0, At2g20890                                                                                                                                                 |
| Produktbeschreibung      | Psb29 (THF1) is a conserved 22 kDa protein which functions in biogenesis of photosystem II complexes. This protein is required for organization of vesicles into mature thylakoid stacks for chloroplast development. Mediates G-protein signalling betwee... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 33.7   22 kDa                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">816623</a>                                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">Q9SKT0</a>                                                                                                                                                                                                                                        |

|                        |                                                  |
|------------------------|--------------------------------------------------|
| Reinheit               | Immunogen affinity purified serum in PBS pH 7.4. |
| Formulierung           | Lyophilized                                      |
| Antibody Type          | Polyclonal Antibody                              |
| Application Verdünnung | 5 µg in 300 µl (IP), 1 : 10 000 (WB)             |
| Anwendungsbeschreibung | For reconstitution add 100 µl of sterile water   |
