| Hersteller               | Agrisera                                                                                                                                                                                                   |
| Wirt                     | Goat                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                 |
| Immunogen                | Purified human Kappa Chain BAA37169.1                                                                                                                                                                      |
| Konjugation              | hrp                                                                                                                                                                                                        |
| Produktbeschreibung      | Goat anti-human kappa (k) chain is a secondary antibody conjugated to HRP, which binds to human kappa chain in immunological assays. Antibody is affinity purified using solid phase human kappa chain.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                 |
| Reinheit                 | Immunogen affinity purified goat IgG.                                                                                                                                                                      |
| Formulierung             | Lyophilized                                                                                                                                                                                                |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                                        |
| Application Verdünnung   | This conjugate is suitable for all immunoassay applications, The optimal working dilution should be determined by the investigator                                                                         |

Anwendungsbeschreibung

For reconstitution add 0,55 ml of sterile water, Let it stand 30 minutes at room temperature to dissolve, Prepare fresh working dilutions daily
