| Hersteller               | Agrisera                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | A. thaliana, Plant                                                                                                                                                                                                                                            |
| Immunogen                | isolated CFoIV subunit of the chloroplast ATP synthase complex                                                                                                                                                                                                |
| Produktbeschreibung      | The chloroplast ATP synthase belongs to the family of F1-type ATPases, which are also present in bacteria and mitochondria. ATP synthase generates ATP from ADP and inorganic phosphate using energy derived from a trans-thylakoidal electrochemical prot... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 25 kDa                                                                                                                                                                                                                                                        |
| Reinheit                 | Serum                                                                                                                                                                                                                                                         |
| Formulierung             | Liquid                                                                                                                                                                                                                                                        |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                                                                                           |
