## Product Datasheet

### Goat anti-Human IgA heavy (alpha chain), Biotin conjugated, Polyclonal AGR-AS10-733

|                          |                                                                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Goat anti-Human IgA heavy (alpha chain), Biotin conjugated, Polyclonal                                                                                   |
| Artikelnummer            | AGR-AS10-733                                                                                                                                             |
| Hersteller Artikelnummer | AS10-733                                                                                                                                                 |
| Alternativnummer         | AGR-AS10-733                                                                                                                                             |
| Hersteller               | Agrisera                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                               |
| Applikation              | IA                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                    |
| Immunogen                | purified human IgA heavy (alpha chain)                                                                                                                   |
| Konjugation              | biotin                                                                                                                                                   |
| Produktbeschreibung      | Goat anti-human IgA (alpha chain) is a secondary antibody conjugated to biotin which binds to human IgA heavy (alpha chains) in immunological assays.... |
| Klonalität               | Polyclonal                                                                                                                                               |
| Reinheit                 | Immunogen affinity purified goat IgG.                                                                                                                    |
| Formulierung             | Liquid                                                                                                                                                   |
| Antibody Type            | Polyclonal Antibody                                                                                                                                      |

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | The optimal working dilution should be determined by the investigator                                                        |
| Anwendungsbeschreibung | No reactivity is observed to other immunoglobulins or non-immunoglobulin human serum proteins based on immunoelectrophoresis |
