## Product Datasheet

### **Anti-CPN60A1 | Chaperonin 60 subunit alpha 1 (chloroplastic), Rabbit, Polyclonal** **AGR-AS12-2613**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | Agrisera                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | A. thaliana, Plant                                                                                                                                                                                                                                            |
| Immunogen                | KLH-conjugated synthetic peptide derived from known CPN60 sequences, including Arabidopsis thaliana UniProt P21238 . TAIR AT2G28000. The peptide is conserved in chloroplastic CPN60A1 but NOT the close relative CPN60A2.                                    |
| Produktbeschreibung      | CPN60 alpha 1 (chaperonin 60 subunit alpha 1, chloroplastic) binds small and large subunits of Rubisco. Assists in protein folding and required for proper chloroplast development. Synonymes: protein SCHLEPPERLESS, RuBisCO large subunit-binding protei... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 57.1 kDa (mature protein)                                                                                                                                                                                                                                     |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Reinheit               | Serum                                         |
| Formulierung           | Lyophilized                                   |
| Antibody Type          | Polyclonal Antibody                           |
| Application Verdünnung | 1 : 1000 (WB)                                 |
| Anwendungsbeschreibung | For reconstitution add 50 µl of sterile water |
