| Hersteller               | Agrisera                                                                                                                                                                            |
| Wirt                     | Rabbit                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                          |
| Applikation              | FC                                                                                                                                                                                  |
| Immunogen                | V5 tag sequence GKIPNPLLGLDST                                                                                                                                                       |
| Produktbeschreibung      | Rabbit anti-V5 is a primary antibody which binds to V5 and is directly conjugated to DyLight 650. DyLight is a trademark of Thermo Fisher Scientific, Inc. and its subsidiaries.... |
| Klonalität               | Polyclonal                                                                                                                                                                          |
| Reinheit                 | Immunogen affinity purified in 100 mM NaPO4 (pH 7.4), 100 mM NaCl, 2 mM sodium azide.                                                                                               |
| Formulierung             | Liquid                                                                                                                                                                              |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                 |
| Application Verdünnung   | The optimal working dilution should be determined by the investigator                                                                                                               |

Anwendungsbeschreibung

Cell Based Assays, Flow Cytometry (Flow cyt)
