| Hersteller Artikelnummer | AS16-3984                                                                                                                                                                                                                  |
| Alternativnummer         | AGR-AS16-3984                                                                                                                                                                                                              |
| Hersteller               | Agrisera                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                     |
| Kategorie                | Antikörper                                                                                                                                                                                                                 |
| Applikation              | WB                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Plant                                                                                                                                                                                                                      |
| Immunogen                | Recombinant PELOTA protein of Solanum lycopersicum, full length, Uniprot: K4BPD6                                                                                                                                           |
| Produktbeschreibung      | Protein pelota homolog is involved in the mechanism for releasing non-functional ribosomes and degrading damaged mRNA. This protein belongs to the eukaryotic release factor 1 (ERF1) family, and the Pelota subfamily.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                 |
| Molekulargewicht         | 42 kDa                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">101251671</a>                                                                                                                                                                                                  |
| UniProt                  | <a href="#">K4BPD6</a>                                                                                                                                                                                                     |

|                        |                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Serum                                                                                                                        |
| Formulierung           | Lyophilized                                                                                                                  |
| Antibody Type          | Polyclonal Antibody                                                                                                          |
| Anwendungsbeschreibung | Antibody is recognizing recombinant PELOTA in fusion with GFP,<br>Reactivity in endogenous material remains to be determined |
