| Hersteller               | MABTECH                                                                                                                                                                                                                                                       |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | HRP                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | ELISA Pro kit for quantification of Granzyme B in solution, The human Granzyme B ELISA Pro kit provides all necessary reagents and solutions required to quantify human Granzyme B in solution, e.g. in cell culture supernatant, and serum/plasma samples... |
| Detektionsbereich        | 10-3160 pg/ml                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">3002</a>                                                                                                                                                                                                                                          |
| Target-Kategorie         | Granzyme B                                                                                                                                                                                                                                                    |

|                        |                                                                                                                                                                                                                                                                                                           |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Contents: MT28, biotin ,Streptavidin-HRP enzyme conjugate,Recombinant human granzyme B ELISA standard,TMB substrate for ELISA,Pre-coated ELISA strip plate (mAb MT34B6),Adhesive plate covers,ELISA diluent,Standard reconstitution buffer,Streptavidin-HRP diluent,Wash buffer concentrate,Stop solution |
