## Product Datasheet

### Phospho-PKR/EIF2AK2-T446 Rabbit pAb, Unconjugated ABB-AP1251

|                          |                                                                                                                                                                          |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Phospho-PKR/EIF2AK2-T446 Rabbit pAb, Unconjugated                                                                                                                        |
| Artikelnummer            | ABB-AP1251                                                                                                                                                               |
| Hersteller Artikelnummer | AP1251                                                                                                                                                                   |
| Alternativnummer         | ABB-AP1251-100UL, ABB-AP1251-20UL                                                                                                                                        |
| Hersteller               | ABclonal                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                               |
| Applikation              | ELISA, IF, WB                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                    |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                             |
| Molekulargewicht         | 62kDa                                                                                                                                                                    |
| NCBI                     | <a href="#">5610</a>                                                                                                                                                     |
| UniProt                  | <a href="#">P19525</a>                                                                                                                                                   |
| Reinheit                 | Affinity purification                                                                                                                                                    |
| Application Verdünnung   | WB,1:1000 - 1:5000 IF/ICC,1:50 - 1:200 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |

|                        |                                                                                                                                                                                                                                                                              |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse. ResearchArea: Epigenetics Nuclear Signaling,Translation Control,Protein phosphorylation,Signal Transduction,Kinase,Serine threonine kinases,Cell Biology Developmental Biology,Apoptosis,Autophagy,Immunology Inflammation. Shipping: Ice Bag |
