Product Datasheet

Rabbit anti Human trombospodin, Clone: [Polyclonal], Monoclonal NMB-RAHU/THS

Article Name	Rabbit anti Human trombospodin, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-RAHU/THS
Supplier Catalog Number	RAHu/Ths
Alternative Catalog Number	NMB-RAHU/THS
Manufacturer	NordicMubio
Host	Rabbit
Category	Antikörper
Product Description	The defined antibody activity is directed to the various forms of thrombospondin. In bidimensional electrophoresis a single precipitin line is obtained with purified thrombospondin, with platelet lysate concentrate a slight precipitin line becomes vi...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
UniProt	P07996
Buffer	Delipidated, heat inactivated, lyophilized, stable whole serum. Sodium azide 1 mg/ml. Total protein and IgG concentration in the antiserum are comparable to those of pooled normal rabbit serum. No foreign proteins added. Reconstitute the lyophilized anti
Source	Thrombospondin, a glycoprotein, has been purified from platelet lysate. Freund's complete adjuvant is used in the first step of the immunization procedure.

Formula	Delipidated, heat inactivated, lyophilized, stable whole serum. Sodium azide 1 mg/ml. Total protein and IgG concentration in the antiserum are comparable to those of pooled normal rabbit serum. No foreign proteins added.
Application Notes	Precipitation assays. Measured by quantitative precipitin analysis. The amount of thrombospondin precipitated by 1 ml antiserum is between 75 and 125 µg.
