| Article Name               | Goat anti-Mouse IgG (H&L) - F(ab) <sub>2</sub> fragment, ALP Conjugate, min x w/bovine, goat, human, rabbit, or rat IgG, AP |
| Biozol Catalog Number      | IMU-GTXMU-003-LALP                                                                                                          |
| Supplier Catalog Number    | GtxMu-003-LALP                                                                                                              |
| Alternative Catalog Number | IMU-GTXMU-003-LALP                                                                                                          |
| Manufacturer               | ImmunoReagents                                                                                                              |
| Host                       | Goat                                                                                                                        |
| Category                   | Antikörper                                                                                                                  |
| Species Reactivity         | Mouse                                                                                                                       |
| Immunogen                  | Purified Mouse IgG, whole molecule                                                                                          |
| Conjugation                | AP                                                                                                                          |
| Format                     | F(ab') <sub>2</sub>                                                                                                         |
| Target Specificity         | IgG (H+L)                                                                                                                   |
| Cross-Adsorption (MinX)    | Bovine,Goat,Human,Rabbit,Rat                                                                                                |
| Concentration              | 1.5 mg/ml (E 1% at 280 nm = 13.0)                                                                                           |
| Buffer                     | 30 mM Triethanolamine, pH 7.2, 5 mM Magnesium Chloride, 0.1 mM Zinc Chloride, 1 % (w/v) BSA, Protease/IgG free              |
| Purity                     | > 90% based on SDS-PAGE Small amounts of intact IgG may be present.                                                         |

|               |                         |
|---------------|-------------------------|
| Form          | Clear, colorless liquid |
| Antibody Type | Secondary Antibody      |
