| Article Name               | Angiotensin II receptor AT1 polyclonal antibody                                                         |
| Biozol Catalog Number      | ENZ-ADI-905-743-100                                                                                     |
| Supplier Catalog Number    | ADI-905-743-100                                                                                         |
| Alternative Catalog Number | ENZ-ADI-905-743-100-100                                                                                 |
| Manufacturer               | Enzo Life Sciences                                                                                      |
| Host                       | Rabbit                                                                                                  |
| Category                   | Antikörper                                                                                              |
| Application                | ELISA, IHC, WB                                                                                          |
| Species Reactivity         | Mouse, Rat, Human                                                                                       |
| Immunogen                  | Synthetic peptide corresponding to the sequence near the N-terminus of rat angiotensin II receptor AT1. |
| Product Description        | Angiotensin II receptor AT1 polyclonal antibody...                                                      |
| Clonality                  | Polyclonal                                                                                              |
| UniProt                    | <a href="#">P25095</a>                                                                                  |
| Purity                     | Peptide affinity purified.                                                                              |
| Form                       | Liquid. In PBS containing 50% glycerol and 0.01% sodium azide.                                          |
| Target                     | Angiotensin receptor                                                                                    |

|                   |                                                                                                                                                                                                                                      |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Suitable for cell-based and membrane-based ELISA. Predicted MW of ~41kDa. Higher MW species (~55kDa) and intermediates also observed by Western blot which reflect post-translational modification and dimerization of the receptor. |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
