| Alternative Catalog Number | ENZ-ADI-907-028-500                                                                                 |
| Manufacturer               | Enzo Life Sciences                                                                                  |
| Category                   | Kits/Assays                                                                                         |
| Application                | HTS                                                                                                 |
| Species Reactivity         | All                                                                                                 |
| Product Description        | Hydrogen peroxide fluorometric detection kit...                                                     |
| Sensitivity                | (range 0 - 10 $\mu$ M (H <sub>2</sub> O <sub>2</sub> ), 0 - 25 mU/ml (peroxidase))                  |
| Target                     | Hydrogen peroxide                                                                                   |
| Application Notes          | For the measurement of hydrogen peroxide in cell lysates and culture supernatants from any species. |
