| Article Name               | Coronavirus (MERS-CoV S1) antigen (aa 56-295), (recombinant) (His-tag)                       |
| Biozol Catalog Number      | ENZ-ENZ-PRT297-0100                                                                          |
| Supplier Catalog Number    | ENZ-PRT297-0100                                                                              |
| Alternative Catalog Number | ENZ-ENZ-PRT297-0100-100                                                                      |
| Manufacturer               | Enzo Life Sciences                                                                           |
| Category                   | Proteine/Peptide                                                                             |
| Application                | ELISA                                                                                        |
| Product Description        | Coronavirus (MERS-CoV S1) antigen (aa 56-295), (recombinant) (His-tag)...                    |
| Source                     | Produced in E. coli. Coronavirus (MERS-CoV) spike protein (aa 56-295) is fused to a His-tag. |
| Purity                     | Purified.                                                                                    |
| Form                       | Liquid. In 10 mM PBS, pH 7.2 with 25 mM arginine and 0.05% sodium azide.                     |
| Target                     | Coronavirus                                                                                  |
