## Product Datasheet

### **Rabbit IgG anti-Bovine IgG (H+L)-unconj., MinX none ROC-601-4102**

|                            |                                                         |
|----------------------------|---------------------------------------------------------|
| Article Name               | Rabbit IgG anti-Bovine IgG (H+L)-unconj., MinX none     |
| Biozol Catalog Number      | ROC-601-4102                                            |
| Supplier Catalog Number    | 601-4102                                                |
| Alternative Catalog Number | ROC-601-4102                                            |
| Manufacturer               | Rockland Immunochemicals                                |
| Host                       | Rabbit                                                  |
| Category                   | Antikörper                                              |
| Application                | ELISA,IHC,WB                                            |
| Species Reactivity         | Bovine                                                  |
| Immunogen                  | Bovine IgG whole molecule                               |
| Conjugation                | Unconjugated                                            |
| Format                     | IgG                                                     |
| Target Specificity         | IgG (H+L)                                               |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                     |
| Clonality                  | Polyclonal                                              |
| Concentration              | 2.0 mg/mL by UV absorbance at 280 nm                    |
| Buffer                     | 0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Liquid (sterile filtered)                               |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Bovine                                                                                                                                                                                                                                                         |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Dilute | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                                                                    |
| Application Notes  | Anti-Bovine IgG (H&L) Antibody has been tested by ELISA and is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody based enzymatic assays requiring lot-to-lot consistency. |
