## Product Datasheet

### Chicken IgG anti-Goat IgG (H+L)-FITC, MinX none, Gallus, Polyclonal ROC-605-9202

|                            |                                                                     |
|----------------------------|---------------------------------------------------------------------|
| Article Name               | Chicken IgG anti-Goat IgG (H+L)-FITC, MinX none, Gallus, Polyclonal |
| Biozol Catalog Number      | ROC-605-9202                                                        |
| Supplier Catalog Number    | 605-9202                                                            |
| Alternative Catalog Number | ROC-605-9202                                                        |
| Manufacturer               | Rockland Immunochemicals                                            |
| Host                       | Gallus                                                              |
| Category                   | Antikörper                                                          |
| Application                | FLISA,FACS,IF                                                       |
| Species Reactivity         | Goat                                                                |
| Immunogen                  | Goat IgG whole molecule                                             |
| Conjugation                | FITC                                                                |
| Format                     | IgG                                                                 |
| Target Specificity         | IgG (H+L)                                                           |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                 |
| Clonality                  | Polyclonal                                                          |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2          |
| Form                       | Lyophilized                                                         |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Goat                                                                                                                                                                                                                                                           |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                             |
| Application Dilute | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Application Notes  | Anti-Goat IgG Fluorescein Antibody has been tested by dot blot. This product is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, in |
