| Article Name               | Mouse IgG2b (Gamma 2b chain) Antibody Rhodamine Conjugated, TRITC, Rabbit, Polyclonal |
| Biozol Catalog Number      | ROC-610-4042                                                                          |
| Supplier Catalog Number    | 610-4042                                                                              |
| Alternative Catalog Number | ROC-610-4042                                                                          |
| Manufacturer               | Rockland Immunochemicals                                                              |
| Host                       | Rabbit                                                                                |
| Category                   | Antikörper                                                                            |
| Application                | DOT                                                                                   |
| Species Reactivity         | Mouse                                                                                 |
| Immunogen                  | Mouse IgG2b heavy chain                                                               |
| Conjugation                | TRITC                                                                                 |
| Clonality                  | Polyclonal                                                                            |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                                  |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                            |
| Form                       | Lyophilized                                                                           |
| Target                     | Mouse                                                                                 |
| Antibody Type              | Secondary Antibody                                                                    |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000                                                                                                                                                                  |
| Application Notes  | Anti-Mouse IgG2b Rhodamine Antibody has been tested by dot blot and is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including m |
