| Category                   | Antikörper                                                                            |
| Application                | ELISA,IHC,WB                                                                          |
| Species Reactivity         | Human                                                                                 |
| Immunogen                  | Human lambda light chain                                                              |
| Conjugation                | Alk. Phos.                                                                            |
| Format                     | F(ab')2                                                                               |
| Target Specificity         | Lambda (light chain)                                                                  |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                                   |
| Clonality                  | Polyclonal                                                                            |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                                  |

|                    |                                                                                                                                                                                                                                                              |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | 0.05 M Tris Chloride, 0.15M Sodium Chloride, 0.001M Magnesium Chloride, 0.0001M Zinc Chloride, 50% (v/v) Glycerol, pH 8.0                                                                                                                                    |
| Form               | Liquid (sterile filtered)                                                                                                                                                                                                                                    |
| Target             | Human                                                                                                                                                                                                                                                        |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                           |
| Application Dilute | ELISA: 1:2,000 - 1:10,000, IHC: 1:200 - 1:1,000, WB: 1:500 - 1:2,500                                                                                                                                                                                         |
| Application Notes  | This product has been assayed against 1.0 µg of Human IgG in a standard capture ELISA using pNPP p-nitrophenyl phosphate code NPP-10 as a substrate for 30 minutes at room temperature. A working dilution of 1:4,000 to 1:20,000 of the reconstitution conc |
