### Donkey Fab anti-Goat IgG (H+L)-unconj., MinX none ROC-805-7102

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Article Name               | Donkey Fab anti-Goat IgG (H+L)-unconj., MinX none          |
| Biozol Catalog Number      | ROC-805-7102                                               |
| Supplier Catalog Number    | 805-7102                                                   |
| Alternative Catalog Number | ROC-805-7102                                               |
| Manufacturer               | Rockland Immunochemicals                                   |
| Host                       | Donkey                                                     |
| Category                   | Antikörper                                                 |
| Application                | ELISA,IHC,WB                                               |
| Species Reactivity         | Goat                                                       |
| Immunogen                  | Goat IgG whole molecule                                    |
| Conjugation                | Unconjugated                                               |
| Format                     | Fab                                                        |
| Target Specificity         | IgG (H+L)                                                  |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                        |
| Clonality                  | Polyclonal                                                 |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                       |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Liquid (sterile filtered)                                  |

|                    |                                                                                                                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Goat                                                                                                                                                                                                              |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                |
| Application Dilute | ELISA: 1:20,000 - 1:100,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                                                                       |
| Application Notes  | Fab Anti-Goat IgG Antibody is suitable for highly specific immunological methods requiring extremely low background levels, absence of F(c) mediated binding, lot-to-lot consistency, high titer and specificity. |
