| Category                   | Zellen/Zellkultur                                                                                                                                                                                                                                              |
| Application                | SDS-PAGE                                                                                                                                                                                                                                                       |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                   |
| Concentration              | 1.0 mg/mL by BCA assay                                                                                                                                                                                                                                         |
| Buffer                     | 1X SDS-PAGE Sample Buffer (62.5 mM Tris HCl, 2% SDS, 10% Glycerol and 0.005% bromophenol blue, pH 6.8)                                                                                                                                                         |
| Source                     | Mouse                                                                                                                                                                                                                                                          |
| Form                       | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Application Dilute         | WB: User Optimized                                                                                                                                                                                                                                             |
| Application Notes          | W10-000-T029 has been tested by SDS-PAGE. Ready-to-use lysates are especially prepared as positive controls for separation by SDS-PAGE and subsequent western blot analysis. Lysates are prepared in denaturing buffer WITHOUT dissociating agents (i.e. no 2- |
