| Product Description        | Ribosomal Protein L13 antibody LS-C334904 is an unconjugated rabbit polyclonal antibody to Ribosomal Protein L13 (RPL13) from human. It is reactive with human, mouse and rat. Validated for IF, IHC and WB....                                                           |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                                |

|                    |                                                                                   |
|--------------------|-----------------------------------------------------------------------------------|
| NCBI               | <a href="#">6137</a>                                                              |
| Buffer             | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Purity             | Affinity purified                                                                 |
| Form               | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Dilute | IF (1:50 - 1:200), IHC (1:50 - 1:200), WB (1:500 - 1:2000)                        |
| Application Notes  | The predicted MW is 18kDa/24kDa, while the observed MW by Western blot was 24kDa. |
