| Manufacturer               | LifeSpan Biosciences                                                                                                                                                                                                              |
| Host                       | Rabbit                                                                                                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                                                                                                        |
| Application                | ELISA, ICC, IF, IHC, IHC-P, WB                                                                                                                                                                                                    |
| Species Reactivity         | Human, Mouse                                                                                                                                                                                                                      |
| Immunogen                  | A 13 AA synthetic peptide near the N-Terminus of human Raptor. The immunogen is located within aa 90-140 of Raptor.                                                                                                               |
| Conjugation                | Unconjugated                                                                                                                                                                                                                      |
| Product Description        | Mip1 antibody LS-B3798 is an unconjugated rabbit polyclonal antibody to Mip1 (Raptor) from human. It is reactive with human and mouse. Validated for ELISA, ICC, IF, IHC and WB. Tested on 20 paraffin-embedded human tissues.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                        |
| Concentration              | 1 mg/ml                                                                                                                                                                                                                           |
| NCBI                       | <a href="#">57521</a>                                                                                                                                                                                                             |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | PBS containing 0.02% Sodium Azide                                                                                                                                                                                                                              |
| Purity             | Peptide Column Affinity Chromatography                                                                                                                                                                                                                         |
| Form               | PBS containing 0.02% Sodium Azide                                                                                                                                                                                                                              |
| Application Dilute | ELISA, ICC, IF, IHC, IHC-P (5 µg/ml), WB (2 µg/ml)                                                                                                                                                                                                             |
| Application Notes  | Raptor antibody can be used for the detection of Raptor by Western blot at 2 and 4 ug/mL. Antibody can also be used for immunocytochemistry starting at 10 ug/mL. For immunofluorescence start at 10 ug/mL. Antibody validated: Western Blot in mouse samples, |
