| Alternative Catalog Number | LS-G132737-5                                                                                                       |
| Manufacturer               | LifeSpan Biosciences                                                                                               |
| Category                   | Proteine/Peptide                                                                                                   |
| Product Description        | As reported, IL-4 will induce the differentiation of THP-1 cells into dendritic cells and macrophages in vitro.... |
| Molecular Weight           | 17kDa                                                                                                              |
| Tag                        | His, N-Terminal                                                                                                    |
| NCBI                       | <a href="#">3565</a>                                                                                               |
| Source                     | E. coli                                                                                                            |
| Purity                     | Greater than 95%                                                                                                   |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.             |
