| Alternative Catalog Number | LS-G132765-50                                                                                                                                             |
| Manufacturer               | LifeSpan Biosciences                                                                                                                                      |
| Category                   | Proteine/Peptide                                                                                                                                          |
| Product Description        | GDF9 (Growth/differentiation factor 9) is an oocyte derived growth factor which belongs to the transforming growth factor-beta (TGF beta) superfamily.... |
| Molecular Weight           | 18kDa                                                                                                                                                     |
| Tag                        | His, N-Terminal                                                                                                                                           |
| NCBI                       | <a href="#">2661</a>                                                                                                                                      |
| Source                     | E. coli                                                                                                                                                   |
| Purity                     | Greater than 90%                                                                                                                                          |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                    |
