| Article Name               | Human LMTK3 Protein (Recombinant His, N-Terminal) - LS-G132814                                                                                             |
| Biozol Catalog Number      | LS-G132814-500                                                                                                                                             |
| Supplier Catalog Number    | LS-G132814-500                                                                                                                                             |
| Alternative Catalog Number | LS-G132814-500                                                                                                                                             |
| Manufacturer               | LifeSpan Biosciences                                                                                                                                       |
| Category                   | Proteine/Peptide                                                                                                                                           |
| Product Description        | Lemur tyrosine kinase 3 (LMTK3), a member of the receptor tyrosine kinase (RTK) family, is implicated in breast cancer growth and endocrine resistance.... |
| Molecular Weight           | 46kDa                                                                                                                                                      |
| Tag                        | His, N-Terminal                                                                                                                                            |
| NCBI                       | <a href="#">114783</a>                                                                                                                                     |
| Source                     | E. coli                                                                                                                                                    |
| Purity                     | Greater than 95%                                                                                                                                           |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                     |
