| Manufacturer               | LifeSpan Biosciences                                                                                                                                                                                                                                      |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                          |
| Product Description        | MIP-1a (macrophage inflammatory protein 1-alpha) also known as Chemokine (C-C motif) ligand 3 (CCL3), is a cytokine belonging to the CC chemokine family that is involved in the recruitment and activation of macrophages, monocytes and neutrophils.... |
| Molecular Weight           | 14kDa                                                                                                                                                                                                                                                     |
| Tag                        | His, N-Terminal                                                                                                                                                                                                                                           |
