| Article Name               | Mouse IL6R / IL6 Receptor Protein (Native His, N-Terminal) - LS-G133755                   |
| Biozol Catalog Number      | LS-G133755-200                                                                            |
| Supplier Catalog Number    | LS-G133755-200                                                                            |
| Alternative Catalog Number | LS-G133755-200                                                                            |
| Manufacturer               | LifeSpan Biosciences                                                                      |
| Category                   | Proteine/Peptide                                                                          |
| Product Description        | IL6R (Interleukin-6 receptor subunit alpha) is part of the receptor for interleukin 6.... |
| Molecular Weight           | 18kDa                                                                                     |
| Tag                        | His, N-Terminal                                                                           |
| NCBI                       | <a href="#">3570</a>                                                                      |
| Source                     | Mouse                                                                                     |
| Purity                     | Greater than 97%                                                                          |
| Form                       | Lyophilized from PBS, pH7.4, 0.01% SKL, 1mM DTT, 5% Trehalose, Proclin300.                |
