| Alternative Catalog Number | LS-G40290-1                                                                                                                                                             |
| Manufacturer               | LifeSpan Biosciences                                                                                                                                                    |
| Category                   | Proteine/Peptide                                                                                                                                                        |
| Product Description        | Recombinant Human Mesothelin is produced by our Mammalian expression system and the target gene encoding Glu296-Ser598 is expressed with a Fc tag at the C-terminus.... |
| Molecular Weight           | 61kD                                                                                                                                                                    |
| Tag                        | Fc, C-terminus                                                                                                                                                          |
| NCBI                       | <a href="#">10232</a>                                                                                                                                                   |
| Source                     | Human                                                                                                                                                                   |
| Purity                     | Greater than 95% by SDS-PAGE                                                                                                                                            |
| Form                       | Lyophilized from a sterile solution in PBS, pH 7.4.                                                                                                                     |
