| Immunogen                  | Full-length human FOXP3 protein                                                                                                                                                                                                                               |
| Product Description        | Recognizes a protein of 47-55kDa, which is identified as FOXP3. Its precise epitope is not known, but it has been mapped to the N-terminal portion of the protein. The FOX family of transcription factors is a large group of proteins that share a commo... |
