| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC, WB                                                                                                                                                                                                                                                       |
| Species Reactivity         | Canine, Guinea pig, Human, Mouse, Rabbit, Rat                                                                                                                                                                                                                 |
| Immunogen                  | Recombinant full-length human KRT76 and KRT77 proteins                                                                                                                                                                                                        |
| Product Description        | Twenty human keratins are resolved with two-dimensional gel electrophoresis into acidic (pI 6.0) subfamilies. This antibody cocktail recognizes acidic (Type I or LMW) and basic (Type II or HMW) cytokeratins, which 67kDa (CK1), 64kDa (CK3), 59kDa (CK4... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [KRTH/1576R + KRTL/1577R]                                                                                                                                                                                                                                     |
| Molecular Weight           | 40-67kDa                                                                                                                                                                                                                                                      |
| NCBI                       | <a href="#">374454</a>                                                                                                                                                                                                                                        |

|         |                                                                                                                                                         |
