| Alternative Catalog Number | PRS-7501P-0.05                                                                                                                                                                                                          |
| Manufacturer               | ProSci                                                                                                                                                                                                                  |
| Category                   | Proteine/Peptide                                                                                                                                                                                                        |
| Application                | Blocking                                                                                                                                                                                                                |
| Concentration              | 200 ug/mL                                                                                                                                                                                                               |
| NCBI                       | <a href="#">8808</a>                                                                                                                                                                                                    |
| UniProt                    | <a href="#">Q9HB29</a>                                                                                                                                                                                                  |
| Buffer                     | PBS pH 7.2 (10 mM NaH <sub>2</sub> PO <sub>4</sub> , 10 mM Na <sub>2</sub> HPO <sub>4</sub> , 130 mM NaCl) containing 0.1% bovine serum albumin and 0.02% sodium azide                                                  |
| Form                       | Liquid                                                                                                                                                                                                                  |
| Application Notes          | The peptide is used for blocking the activity of IL-1RL2 antibody (catalog number 7501). It usually blocks the antibody activity completely by incubating the peptide with equal volume of antibody for 30 min at 37°C. |
