| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | Human UCP-1 (Uncoupling Protein 1, Mitochondrial) ELISA Kit for detecting UCP-1 in serum, plasma, other biological fluids. Species Reactivity: Human (Homo sapiens). Detection Range: 0.16-10ng/ml. Sensitivity: 0.1ng/ml. Format: 96-Well Plate. Assay Ty... |
| Range                      | 0.16-10ng/ml                                                                                                                                                                                                                                                  |
| Sensitivity                | 0.1ng/ml                                                                                                                                                                                                                                                      |
| Form                       | 96-Well Plate                                                                                                                                                                                                                                                 |
| Samples                    | Serum, Plasma, Other Biological Fluids                                                                                                                                                                                                                        |
| Target                     | UCP-1                                                                                                                                                                                                                                                         |
