| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | Human Phospholipase D2 (PLD2) ELISA Kit for detecting PLD2 in tissue homogenates, other biological fluids. Species Reactivity: Human (Homo sapiens). Detection Range: 1.56-100ng/ml. Sensitivity: 0.55ng/ml. Format: 96-Well Plate. Assay Type: Double-ant... |
| Range                      | 1.56-100ng/ml                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.55ng/ml                                                                                                                                                                                                                                                     |
| Form                       | 96-Well Plate                                                                                                                                                                                                                                                 |
