| Product Description        | Mouse Apolipoprotein A1 (APOA1) CLIA Kit for detecting APOA1 in serum, plasma, tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Mouse (Mus musculus). Detection Range: 0.14-100ng/ml. Sensitivity: ... |
| Range                      | 0.14-100ng/ml                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.06ng/ml                                                                                                                                                                                                                                                     |
