| Product Description        | Bovine Interferon Gamma (IFNg) ELISA Kit for detecting IFNg in serum, plasma, tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Bovine (Bos taurus). Detection Range: 15.6-1,000pg/ml. Sensitivity: ... |
| Range                      | 15.6-1,000pg/ml                                                                                                                                                                                                                                               |
| Sensitivity                | 5.7pg/ml                                                                                                                                                                                                                                                      |
