| Category                   | Kits/Assays                                                                                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                                                                                                  |
| Immunogen                  | Serum, plasma, cell culture supernatant, and other biological fluids.                                                                                                                                                  |
| Conjugation                | Biotin                                                                                                                                                                                                                 |
| Product Description        | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in cell culture supernatant, serum, plasma (EDTA, citrate, heparin).... |
| Concentration              | 0.14 ng/mL                                                                                                                                                                                                             |
| Molecular Weight           | 4 hours                                                                                                                                                                                                                |
| Range                      | 0.31-20 ng/mL                                                                                                                                                                                                          |
| Sensitivity                | 0.14 ng/mL                                                                                                                                                                                                             |
| NCBI                       | <a href="#">3507</a>                                                                                                                                                                                                   |
