| Conjugation                | Biotin                                                                                                                                                                                                                                                 |
| Product Description        | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in serum, Plasma , Urine ,tissue homogenates and Cell culture supernates and Other biological fluids... |
| Concentration              | 39 pg/mL                                                                                                                                                                                                                                               |
| Molecular Weight           | 4 hours                                                                                                                                                                                                                                                |
| Range                      | 78.1-5000 pg/mL                                                                                                                                                                                                                                        |
| Sensitivity                | 39 pg/mL                                                                                                                                                                                                                                               |
