## Product Datasheet

### **SLC4A1 recombinant monoclonal antibody, clone R04-2Q1, Clone: [R04-2Q1], Monoclonal ABN-RAB05229**

|                            |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| Article Name               | SLC4A1 recombinant monoclonal antibody, clone R04-2Q1, Clone: [R04-2Q1], Monoclonal         |
| Biozol Catalog Number      | ABN-RAB05229                                                                                |
| Supplier Catalog Number    | RAB05229                                                                                    |
| Alternative Catalog Number | ABN-RAB05229-100                                                                            |
| Manufacturer               | Abnova                                                                                      |
| Category                   | Antikörper                                                                                  |
| Application                | ICC, IF, IHC-P, WB                                                                          |
| Species Reactivity         | Human                                                                                       |
| Immunogen                  | Original antibody is raised against recombinant protein corresponding to human Band 3       |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human Band 3....                      |
| Clonality                  | Monoclonal                                                                                  |
| Clone Designation          | [R04-2Q1]                                                                                   |
| UniProt                    | 6521                                                                                        |
| Buffer                     | In 50 mM Tris-Glycine pH 7.4 (0.15 M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA). |
| Form                       | Liquid                                                                                      |

|                    |                                                                                                                                                                                                              |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | SLC4A1                                                                                                                                                                                                       |
| Application Dilute | Immunofluorescence (1/50-1/200)Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections)(1/50-1/100)Western Blot (1/500-1/1000)The optimal working dilution should be determined by the end user. |
