| Product Description        | Alpaca VHH recombinant monoclonal antibody raised against Fab region of Mouse IgG. The antibody is conjugated with iFluor488....                                                                                        |
| Buffer                     | In 10 mM PBS, pH 7.5 (0.05% sucrose, 0.1% trehalose, 0.01% proclin 300, 50% glycerol)                                                                                                                                   |
| Form                       | Liquid                                                                                                                                                                                                                  |
| Application Dilute         | ELISA (1:10000-1:50000)Flow cytometry (1:200-1:2000)Immunocytochemistry (1:200-1:2000)Immunofluorescence (1:200-1:2000)Western Blot (1:10000-1:50000)The optimal working dilution should be determined by the end user. |
