| Category                   | Antikörper                                                                                                                      |
| Application                | ELISA, WB                                                                                                                       |
| Species Reactivity         | Mouse                                                                                                                           |
| Immunogen                  | Fab region of Mouse IgG                                                                                                         |
| Conjugation                | HRP                                                                                                                             |
| Product Description        | Alpaca VHH recombinant monoclonal antibody raised against mouse IgG. The antibody is conjugated with horseradish peroxidase.... |
| Buffer                     | In 10 mM PBS, pH 7.5 (0.05% sucrose, 0.1% trehalose, 0.01% proclin 300, 50% glycerol)                                           |
| Form                       | Liquid                                                                                                                          |
| Application Dilute         | ELISA (1:5000-1:20000) Western Blot (1:5000-1:20000) The optimal working dilution should be determined by the end user.         |
