## Product Datasheet

### **MUC1 monoclonal antibody, clone HMPV, Clone: [HMPV], Mouse, Monoclonal ABN-MAB13355**

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| Article Name               | MUC1 monoclonal antibody, clone HMPV, Clone: [HMPV], Mouse, Monoclonal |
| Biozol Catalog Number      | ABN-MAB13355                                                           |
| Supplier Catalog Number    | MAB13355                                                               |
| Alternative Catalog Number | ABN-MAB13355-100                                                       |
| Manufacturer               | Abnova                                                                 |
| Host                       | Mouse                                                                  |
| Category                   | Antikörper                                                             |
| Application                | FC, IF, IHC-P                                                          |
| Species Reactivity         | Human                                                                  |
| Immunogen                  | Human breast cancer cell line ZR-75 cells.                             |
| Product Description        | Mouse monoclonal antibody raised against native human MUC1....         |
| Clonality                  | Monoclonal                                                             |
| Clone Designation          | [HMPV]                                                                 |
| UniProt                    | 4582                                                                   |
| Buffer                     | In 10 mM PBS (0.05% BSA, 0.05% sodium azide).                          |
| Form                       | Liquid                                                                 |
| Target                     | MUC1                                                                   |

|                    |                                                                                                                                                                                                                                                |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Flow Cytometry (0.5-1 ug/10 <sup>6</sup> cells in 0.1 mL)Immunofluorescence (1-2 ug/mL)Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (0.25-0.5 ug/mL)The optimal working dilution should be determined by the end user. |
