## Product Datasheet

### **Uroplakin 1B (Urothelial Differentiation Marker)(UPK1B/3102), CF647 conjugate, 0.1mg/mL, Clone: [UPK1B/3102], Mouse, Monoclonal BOT-BNC473102-100**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa 109-229) of human Uroplakin 1B (UPK1B) protein (exact sequence is proprietary)                                                                                                                                                |
| Conjugation                | CF647                                                                                                                                                                                                                                                         |
| Product Description        | The protein encoded by this gene is a member of the transmembrane 4 superfamily, also known as the tetraspanin family. Most of these members are cell-surface proteins that are characterized by the presence of four hydrophobic domains. The proteins me... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/mL                                                                                                                                                                                                                                                     |
