## Product Datasheet

### **Cdk2 / p34cdc2 Serine-Threonine Kinase(AN4.3), 0.2mg/mL, Clone: [AN4.3], Mouse, Monoclonal BOT-BNUB2316-500**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human, Mouse, Xenopus                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant full-length human Cdk2 protein                                                                                                                                                                                                                    |
| Product Description        | In vertebrates, as in yeast, multiple cyclins have been identified, including a total of eight such regulatory proteins in mammals. In contrast to the situation in yeast, the Cdc2 p34 kinase is not the only catalytic subunit identified in vertebrates... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.2 mg/mL                                                                                                                                                                                                                                                     |
| Clone Designation          | [AN4.3]                                                                                                                                                                                                                                                       |
| Molecular Weight           | 34 kDa                                                                                                                                                                                                                                                        |

|                   |                                                                                                                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt           | <a href="#">P24941</a>                                                                                                                                                                          |
| Buffer            | PBS, 0.05% BSA, 0.05% azide                                                                                                                                                                     |
| Source            | Animal                                                                                                                                                                                          |
| Application Notes | Inhibits activation of p34cdc2 kinase by cyclins, Immunoprecipitation, Kinase Assay, Western blot, Flow cytometry: 1-2 ug/mL, Optimal dilution for a specific application should be determined. |
