| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | PSA (p30) from human sperm plasma                                                                                                                                                                                                                             |
| Product Description        | Recognizes a single protein of 33-34 kDa, identified as the prostate specific antigen (PSA). This MAb is highly specific to PSA and stains prostatic secretory and ductal epithelium in both normal and neoplastic tissues. PSA is a chymotrypsin-like ser... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [A67-B/E3 1A7]                                                                                                                                                                                                                                                |
| Molecular Weight           | 33-34 kDa                                                                                                                                                                                                                                                     |

|                   |                                                                                                                                                                                                                        |
