## Product Datasheet

### **Uroplakin 1A (Urothelial Differentiation Marker)(UPK1A/2925), 1mg/mL, Clone: [UPK1A/2925], Mouse, Monoclonal BOT-BNUM2925-50**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa 114-173) of human Uroplakin 1A (UPK1A) protein (exact sequence is proprietary)                                                                                                                                                |
| Product Description        | The protein encoded by this gene is a member of the transmembrane 4 superfamily, also known as the tetraspanin family. Most of these members are cell-surface proteins that are characterized by the presence of four hydrophobic domains. The proteins me... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [UPK1A/2925]                                                                                                                                                                                                                                                  |
