| Category                   | Proteine/Peptide                                                                                                                                                                                                                                               |
| Product Description        | This product includes lysate of HEK293T cells that have been transiently-transfected with Human ZNF237(ZMYM5) (NM_001142684), cells transfected with the vector alone, and a reducing buffer for SDS-Page gel loading. Cells were lysed using Modified RIPA... |
| Concentration              | 1 mg/ml                                                                                                                                                                                                                                                        |
| Molecular Weight           | 74.6 kDa                                                                                                                                                                                                                                                       |
